"Los tiempos locos"

¶ (Collage)

☞ Alejandro Mos Riera

La realidad es un collage de la memoria.

***

La vida son fragmentos de la realidad.

INSTRUCCIONES PARA HACER UN LIBRO COLLAGE

Abre tus ojos y tu mente.

Busca ideas.

Toma un cuaderno.

Elige la longitud que quieras darle al libro.

Anota, cómo pescar ideas, idea tras idea.

Escribe en seguida y con cuidado, cada una de las historias que forman el libro, en el cuaderno.

Cambia el orden de las páginas, al azar, suavemente.

Ahora, ordena las ideas, una tras otra, meticulosamente
en el sentido en que has ido encontrando esos fragmentos de realidad.

El collage está listo. Se parece a tus sueños.

Eres ya un artista absolutamente nuevo y un genio de una sensibilidad arriesgada, aunque desconocido para la mayoría.

Kleider für Frauen mit Klasse. Hier perfekt in Szene gesetzt von Top-Model Carla Bruni. Diese Seite: Korsagenkleid mit weitem Tüll- und Spitzenrock. Sehr gekonnt: das Spiel mit Materialien am knappen Mieder – Spitze, Samt und Satinbänder. Linke Seite: figurbetont ist der knöchellange, gesteppte Satinmantel mit taillierterem Oberteil und ausgestelltem Rock. Spitzenslip von Chantal Thomass. Auf diesen vier Seiten, Frisuren: Barnabé für Jean Louis David; Make-up: Marie-José für Velvet, mit Produkten von Germaine Monteil.

d'Archimède : EUREKA (j'ai trouvé) ! Il retomba
sur son lit en rendant le son lourd d'un corps inerte.
Il mourut en poussant un gémissement affreux, et ses
yeux convulsés exprimèrent, jusqu'au moment où le
médecin les ferma, le regret de n'avoir pu léguer à la
science le mot d'une énigme dont le voile s'était tardi-
vement déchiré sous les doigts décharnés de la mort.
